Web Developer | jagadheesanjsd@gmail.com | +91 93845 30476

Summary

Enthusiastic Computer Science graduate with a strong foundation in web development and a passion for building innovative applications. Adept at creating seamless user experiences and implementing efficient back-end solutions. Proven ability to collaborate effectively in team environments and tackle complex challenges. Committed to continuous learning and staying updated with industry trends to deliver high-quality results. Eager to contribute to dynamic projects and drive success in a forward-thinking organization.

Projects

Project – 1: Personal Portfolio Website

[Github link](#)

Brief on project – 1, Developed a personal portfolio website to effectively showcase my skills, projects, and professional experiences. The website features a responsive design, ensuring optimal user experience across various devices. Implemented best practices in web development to create a visually appealing and user-friendly interface, enhancing my ability to present my work to potential employers and clients.

Project – 2: To-Do List Application

[Github link](#)

Brief on project – 2, Created a To-Do List application that enables users to efficiently manage their tasks through a clean and intuitive interface. The application supports core functionalities such as task creation, updating, and deletion. This project demonstrates my proficiency in web development principles and my ability to build functional applications that address user needs.
